

INTERNSHIP PROGRAM

Hands On Experience. Real Client Projects.

Our Internship Program is a hands-on, immersive experience that helps prepare you for a career in the public accounting profession. You'll have the opportunity to work on real client projects with coaching and support from experienced team members all along the way.

Winter Internships

Experience "busy season" as you learn how to provide excellent client service through hands-on projects. Winter tracks include:

- **Tax** – help prepare individual 1040 tax returns
- **Affordable Housing** – help with audit workpapers, financial statements, and tax returns for low-income housing projects
- **Small Business** - help prepare personal property tax returns, 1099s, year-end payroll reporting, and assist with year-end reconciliations.
- **Construction** – assist in a variety of tasks working with trial balances, fixed assets, tax, and financial statement preparation.
- **Team Assignments** - assist a small group of Partners and Managers on a variety of tasks and projects.
- **Reporting & Assembly** - assist our team in processing incoming and outgoing tax returns.

Summer Internships

Our summer internships are a little more relaxed, and provide the unique opportunity to work on a wide variety of client and firm projects all in one summer. Summer tracks include:

- **Employee Benefit Plan Audits** - gain hands-on experience working through the audit process with our EBP Audit team.
- **Nonprofit Audits** - gain hands-on experience working through the audit process with our Nonprofit team.
- **Firm Projects** - assist with recruiting, marketing, or other projects.

Jones & Roth internships are designed for university sophomores, juniors, and seniors interested in a career in public accounting.

HIGHLIGHTS

Flexible Work Schedules

No need to take the term off to accept our internship! Our flexible scheduling works around your class schedule and requires a minimum commitment of just 24 hrs/week. Want to work more? You can do that, too!

Dedicated Intern Coach

Your Intern Coach will help you get up to speed with training and support throughout your internship.

Hands-On, Real-Life Experience

Interns work on client projects doing similar work as staff accountants. Learn how to apply your education in the "real world" of public accounting.

Build Relationships for the Future

Many interns continue on as staff accountants. Whether or not you continue your career at Jones & Roth, you will build valuable relationships with our staff, managers, and partners.
